THE POPE DIES AFTER BOLD FIGHT

Head Of The Catholic Church Passes To His Reward

A LIFE OF YEARS AND HONORS

The End Came Monday Afternoon—Leo XIII Died Surrounded By His Relatives and the Cardinals — The Immediate Cause of Death.

Rome, By Cable.—Pope Leo XIII is dead. The last flicker of life expired at four minutes past 4 o'clock Monday afternoon and the Pontiff now lies at rest. The period of over two weeks that Pope Leo passed in the shadow of death was no less wonderful than his life. His splendid battle against disease was watched the world over with sympathetic admiration and ended only after a series of tremendous efforts to conquer the weakness of his aged frame by the marvelous will power of his mind. The pleuro-pneumonia with which His Holiness has been suffering was scarcely as responsible for his death as that in evitable decay of tissue which ensues upon 93 years of life. The tested steel which had bent so often before human ills was bound to break at last. Today the emaciated and lifeless frame which held so brave a spirit lies on the bed in the Vatican beside which almost all the world has prayed. The red damask coverlet rests lightly over the body, the cardinal's scarlet cape is about the shoulders, while on his head has been placed the papal hood of velvet, bordered with ermine. A white silk handkerchief is bound about his chin and in his hands, which have blessed so many thousands, has been placed a crucifix.

Pope Leo's final moments were marked by that same devotion, and when he was conscious, that calm intelligence which is associated with his 25 years' pontificate. His was no easy death. An hour before he died, turning to Dr. Lapponi and his devoted valet, Pio Centra, he murmured: "The pain I suffer is most terrible." Yet his parting words were not of the physical anguish that he suffered, but were whispered benedictions upon the cardinals and his nephews, who knelt at the bedside, and the last look of his almost sightless eyes was towards the great ivory crucifix hanging in the death chamber. Practically all the cardinals in Rome, kneeling at the bedside, watched the passage of his soul. Earlier in the day Cardinal Seraferno Vannutelli had impressively pronounced the absolution in articulo mortis. The condition of His Holiness varied from agony to coma. Wishing to relieve him, Dr. Mazzoni suggested that morphine should be administered, but Dr. Lapponi did not agree, fearing that the end might be quickened. Of this supreme moment Dr. Lapponi gives an impressive description. He said:

"Death occurred through exhaustion, although in the last two hours Pope Leo made a supreme effort to gather together all his energies. He succeeded in recognizing those about him by the sound of their voices, as his sight was almost lost. Still he made a marvelous display of his energy and even his death was really grand. It was resigned, calm and serene. Very few examples can be given of a man of such advanced age after so exhaustive disease. The Pontiff's last breath was taken at four minutes past 4. I approached a lighted candle to his mouth three times, according to the traditional ceremonial and afterward declared the Pope to be no more. I then went to inform the sacred college, Cardinal Oreglia, who immediately assumed full power and gave orders that the Vatican be cleared of all curious persons having no right to be therein. Contemporaneously, the cardinal instructed Mgr. Righi, master of ceremonies, to send the Swiss Guards from the Clementine Hall to close all the entrances to the Vatican and dismiss all persons from the death chamber, the body being entrusted to the Franciscan penitentiaries."

Perpetuity of Rule.

Meantime, events of moment of more importance to Catholics were occurring. The death of Pope Leo meant the passing of the supreme power into the hands of the sacred college of cardinals as its temporary custodian during the interregnum. The perfect administrative machinery of the Church provided against the slightest interruption of the governing authority. As the senior member of the sacred college, Cardinal Oreglia, to whom the Pope solemnly confided the interests of the Church, has now become the exponent of the cardinals until Pope Leo's successor has been elected. This brought forth Cardinal Oreglia as the striking personality of the hour.

Big Fire in Danville.

Danville, Va., Special.—The Star warehouse, on Spring street, operated by C. D. Noell & Co., and the large four-story building owned by John Anderson & Co., were entirely consumed about 8:30 o'clock. Several thousand dollars' worth of tobacco was destroyed and the buildings practically burned to the ground. The total loss will amount to about $75,000. The origin of the fire is unknown.

THE LIFE OF LEO THIRTEENTH.

State Library

Sketch of the Man Who is Mourned By the Catholic World.

In 1837 Joachim Pecci received the sub-diaconate and in the same year Gregory XVI made him a domestic prelate, his first promotion, with the title of monsignor.

On December 23, 1837, he was ordained priest by Cardinal Odescalchi, saying his first mass in the chapel of St. Anislaus at the Jesuit Noviciate of St. Andrew. Early in 1838 Mgr. Pecci was named governor of the papal province of Benevento, and, like Sixtus V, busied himself with the suppression of brigandage.

He was called to exercise his talents in a more important post, in 1843, being consecrated bishop of Damietta in partibus and sent to Brussels as papal nuncio. It was as representative of the Vatican in the Belgian capital that he first gained the political insight and experience which have been one of the principal characteristics of his tenure of the pontificial throne.

Mgr. Pecci remained over three years in Belgium and on his recall to Italy was decorated with the grand cordon of the order of Leopold. After leaving Brussels the nucio paid a visit to London. This was in February, 1846, and in the same year he was consecrated archbishop of Perugia. He continued in this position for the thirty-two years which intervened before his election to the highest position in the Church his tenure of the episcopate coinciding exactly with the 32 years of the reign of Pius IX.

On the death of Pius IX he was elevated to the Popacy and his reign which closed with his death was one of the most famous periods in the world's history, great progress in the church being made. His successor will be elected within a short while. Little idea can be given as to the successor.

Danger of War.

Pekin, Special.—According to diplomats here the greatest factor in the Eastern situation is the increasing danger of war between Russia and Japan. They believe it is becoming plain that Russia is willing to fight Japan if convinced that no other power will assist her. The Russians are confident of their ability to easily defeat Japan and are said to be anxious to settle definitely her position in Eastern politics and end her ambitions to oppose Russia's progress in Manchuria. The belief is attributed to the Japanese that the Russian policy is to attempt to placate Great Britain and America and provoke Japan into beginning hostilities. They regard Russia's consent to opening ports in Manchuria, the Czar's promised visit to England and the occupation of the Corean border as parts of that policy. Russia's activity on the Yalu river is more irritating to Japan than the retention of Manchuria and all Japanese in China speak of war as a "probability."

Punishable By Death.

Chatttanooga, Special.—A special to the Times from Huntsville, Ala., says: "Henry Ford, Arthur Steger, James Lawter and Forest Smith, negroes, are in jail for attempting to wreck a passenger train on the Southern Railway near Brownsboro. A crosstie was placed on the track of a 30-foot embankment and was struck by a passenger train running thirty-five miles an hour. The engine was stripped of all running gear and trainmen say it was a miracle that the train was not wrecked and many people killed. The officers have wrung a confession from the negroes, who were planning to again attempt to wreck a train for the purpose of robbery. This offence is punishable by death.

Negro Lynched by Negroes.

Lake Butler, Fla., Special.—A negro tramp named Adams, who assaulted a negro women near this place a day or so ago, was captured by a mob of negroes and lynched in Santa Fe swamp. The body was cut into shreds by the mob, and severely disfigured. The lynching was carried out by the negroes entirely and there was no white man in the crowd.

Killed and Injured.

Cleveland, Special.—As the result of a collision between electric cars on the Oberlin branch of the Cleveland & Southeastern Railway Sunday night, E. L. Garvin, of Oberlin, is dead and a number of persons more or less seriously hurt. The injured are: D. C. Wheelock, Oberlin, leg crushed, internal injuries; Wm. O'Brien, motorman, Cleveland, leg crushed and otherwise hurt; Charles Farr, Oberlin, cut about the head; J. Harris, Pittsfield, injured about head; Dallas Gordon, Columbia, severe injuries about head; Robert Stahl, Columbus, leg gashed; Patrick Rowark, Lorain, shoulder injured.

Fall River Mills Curtail Production.

Fall River, Mass., Special.—A number of the Fall River mills will be closed during next week, but the number of the idle spindles will not be as great as during the past six days. This week about 7,000 operatives have been out of work, but next week not over 5,000 will be thrown out. Next month a more extensive curtailment is predicted.

THE POPE'S SUCCESSOR.

The Mode of Procedure on the Selection of a New Pontiff.

On the death, or at the latest, the twelfth day after the death of the Pope, the conclave assembles for the election of the new Pontiff.

It is held at the beautiful Sistine chapel within the walls of the Vatican.

Each cardinal is allowed the services of a secretary and an attendant, who while the conclave lasts occupy rooms adjacent to the peculiar cell allotted to their master. On the day fixed for the meeting of the conclave the cardinals assemble to hear a special mass for the Holy Spirit and to take the oaths of faithfulness and secrecy.

Once within the confines of the conclave the massive doors are shut with double locks, and from that moment until the new Pontiff is elected, no person is permitted to pass in or out. The meals for the assemblage are prepared within the walls of the Vatican and delivered through a wicket gate, or rather, casement let into the great door.

It is here, also, that on the first day of the conclave, a committee of cardinals, appointed by the whole body, gives audience to the foreign envoys. This, however, takes place before the conclave has actually men for the papal election.

The Sistine chapel is especially fitted for the holding of this momentous council of the Church. The stalls for the cardinals, ranged on each side, are surmounted by canopies of cloth in the ecclesiastical colors, and at the far end, opposite the high altar, are places assigned to the secretaries. On the altar itself, or on the table in front of it, is a chalice of silver on which rests the pix containing the host.

When the mass has been said and all is prepared the conclave proceeds to its solemn task. The election of a Pope is effected by three methods, by acclamation, by adoration, in which is embodied the idea of direct divine inspiration; by the compromise or by vote.

Pope Leo was elected on the second day of the conclave by acclamation. The system of voting, called the Scruptinum, is regulated by exact prescription. The proceedings are under the directions of six cardinals, two from each order of bishops, priests and deacons.

Every cardinal is provided with a voting paper, on which he writes the name of his chosen candidate, but not his own name. No one is permitted to vote for himself. When the requisite interval has passed, each cardinal, beginning with the one of the most ancient creation, leaves his stall and advances to the high altar. Amid a solemn hush the elector prays for awhile on the altar steps, and then declaring aloud that his vote is given according to his conscience, drops his voting paper in the chalice. When all have voted in like manner the six scrutinizers examine the papers and proclaim the result.

If no cardinal has obtained the required number of votes—two-thirds of the number of cardinals present, plus one—the result is declared void, and the voting papers, collected together, are burned in a brazier with damp straw, the dense smoke from which issues from a particular chimney, visible from outside, and proclaims to the taken place.

Under these circumstances, on the afternoon of the same day, a second vote takes place, supplementary to the first and called the accessit vote. In this the procedure embodies the theory that the cardinal who obtained the largest number of votes in the morning is the most acceptable to the conclave. Consequently his name is the only one considered for the moment and each cardinal votes for him by writing the word "Accedo" on his scheda or voting paper, or signifies his dissent by the words " "Accedo nemini."

If this new vote leads to no result, the papers are burned as before and the conclave adjourns until the following morning, when the election begins afresh and quite irrespective of the previous day's proceedings. When, at length, the determining vote is taken and the cardinal deacon, as scrutinizer, announces that a certain candidate has been elected Pope, there is a departure from the proceedure adopted hitherto. The cardinal deacon opens each folded paper fully, and, reading the Latin motto which each cardinal has to inscribe on it for the purpose of ultimate identification, makes known how each member of the conclave has voted.

The election being over, a summons is at once sent to the perfect of ceremonies, who speedily enters the chapel, bearing the fisherman's ring. An interval occurs, during which the canopies are removed from the stalls of all the cardinals except that of the newly elected Pope, and His Holiness retires to robe himself in the pontificial vestments.

On his return the fisherman's ring is placed on his finger by the cardinal camerlingo and the new vicar of Christ gives his first solemn benediction to the members of the sacred college from the steps of the altar.

Then, taking his seat on the Sedia Gestatorit the Pope receives the homage of their eminences and communicates the names which it is his pleasure to assume as Pontiff. Next, the first cardinal deacon takes the oath of obedience, and, hastening to the grand loggia or balcony of St. Peter's, looking onto the great piazza, announces to the expectant multitude the election of the Pope, using the form of words, consecrated by immemorial usage: "I bring you tidings of great joy. We have a Pope, the most high and reverend Lord (here he gives the Christian and surname of the new Pope), who has taken upon himself the name of Pius X or Leo XIV.

News of the Day.

An inscription on a stone tablet found in the ruins of an old synagogue in Kaifengfu shows that the Jews first entered China during the Han dynasty, from B. C. 200 to A. D. 226.

About $1,000,000 is to be expended on the repair and improvement of the cruiser New York. It is expected that the work will not be finished in less time than a year or eighteen months.

MOB STORMS JAIL.

Frightful Lawlessness Prevails in Wyoming.

TWO ARE HANGED BY A MOB.

An Officer Shot Dead in the Attack—Two White Prisoners Killed—Troops Called For.

Butte, Mont., Special.—A special to The Miner from Red Lodge, Mont., says: Jim Gorman, who killed his brother about a year ago, and ran off with his brother's wife, and a man named Walters, who killed a widow named Hoover at the Hot Springs, two years ago, because she refused to marry him, were lynched at Basin, Wyo., Sunday. C. E. Pierce, a deputy sheriff, was killed during the attack on the jail. A state of lawlessness now prevails in northern Wyoming, as a result of which all law and order seem to have been abolished. From President Moffatt, of the Montana & Wyoming Telephone Company, who is now making a tour of inspection of his company's lines, comes the news of the lynching and of an appeal for help from Sheriff Fenton, of Big Horn county, who has arrested a number of prominent cattlemen near Thermopolis and has appealed to the Governor of Wyoming for assistance of the militia in getting his prisoners to Basin.

More Feud Trouble.

Jackson, Ky., Special.—A renewal of feud troubles is brewing here. The special grand jury called by Circuit Judge Redwine to investigate the charge of attempting to bribe B. J. Ewen not to testify against Curtiss Jett and Thomas White, in the Marcum murder case, and the charge of arson for the burning of Ewen's Hotel, after he had testified, convenes here Monday. Judge Redwine's instructions are anxiously awaited, as it is reported that the grand jurors will be asked to go into a sweeping inquiry concerning conditions in Breathitt county, where 27 lives have been lost since the Hargis-Cardwell feud started, and where no one has yet been punished for any of these capital offenses. In the event of a general inquisition it is conceded that persons highly connected will be involved and trials for the killing of Dr. Cox and Town Marshal Cockrill will follow close on the second trial of Jett and White for the murder of Marcum. It is feared that trouble may begin when B. J. Ewen returns here from Lexington to testify against a well-known citizen for offering $5,000 cash if he would not testify against Jett and White. In anticipation of the worst, Ewen, while in Lexington, made his will and arranged all his affairs. About $4,500 was raised for him by popular subscription after he lost everything he had in the incendiary fire, and this he has fixed for his family, his wife and part of his children being here awaiting his return.

Ewen has told Commonwealth Attorney Byrd and others the name of the man who offered him the bribe and as it is aid that the man has no means of his own, the bribery investigation will extend to the one who was to furnish the money for the $5,000 bribe offered Ewen. This town has been kept under martial law by the provost marshal since Jett and White were transferred to the jail at Lexington, a month ago, but many are apprenhensive over the coming week, although the troops are still here. The militia has been continuously here for two months.

Killed in Virginia.

Norfolk, Va., Special.—K. W. Riggins, a highly-esteemed young man of Bertie county, N. C., employed by the Southern Candy Company, of this city, was killed and his body horribly mangled by a Berkley street car Wednesday night while the unfortunate young man was on his way to Norfolk in one of the wagons of the company for whom he was employed. The horse was also killed. Mr. Riggins was married 18 days ago to a charming young lady in Elizabeth City, N. C. His wife is nearly frantic from the sudden shock. The body will be shipped to North Carolina for interment.

Waiters on a Strike.

Cleveland, Special.—The strike of restaurant waiters and waitresses, inaugurated here, was not as general as expected, the number of strikers being 200. In some restaurants nonunion help was obtained, while a few places were closed as a result of the strike. The strikers demand an increase of $1 per week and slightly shorter hours. A number of the larger restaurants granted the demands of the strikers.

Pauper Arrivals.

Berlin, Special.—Twenty-nine Kischineff refugees have arrived at Berlin en route to the United States. Most of them are penniless and collections are being made among the Berlin Hebrews to assist them. The emigrants were not directly affected by the massacre, hence they could not get assistance from the Kischineff relief fund.

SOUTHERN INDUSTRIAL

Danville Denim Plant.

The annual stockholders' meeting of the Dan River Power & Manufacturing Co. of Danville, Va., was held last week. The report of the directors showed that work in progressing steadily on the plant, and that the contractors expect to complete their work by the allotted time, December 1. Contracts for the water-wheels, electric-power equipment, looms, etc., have been awarded, and shipments of the apparatus will soon begin. The secretary reported that the Ely & Walker Dry Goods Co. of St. Louis had filed an order for the first bale of completed product from the looms. The Danville company's plant has been frequently referred to previously in these columns. It is to have 90,000 spindles and 2400 looms. About $2,000,000 will be the investment in the enterprise.

$100,000 Enlargement.

An enlargement to cost $100,000 has been decided on by the Williamston Mills of Williamston, S. C. The company will increase its capital stock from $200,000 to $300,000 to provide the necessary funds, and has engaged J. E. Sirrine of Greenville, S. C., as engineer in charge of the improvements. Active work on the erection of the necessary building will begin September 1. A 160-foot addition will be erected to the present main structure. There will be 11,000 spindles and 300 looms added, thus increasing the company's equipment to 25,000 spindles and 600 looms. Sheetings is the Williamston product. James P. Gossett is president of the company.

Textile Notes.

Norris Cotton Mills Co., Cateechee, S. C., has let contract to Messrs. Loftin & Thompson of Gastonia, N. C., for erection of a building 72x76 feet, four stories high. The structure is to accommodate the 5000 additional spindles announced in April as to be installed in the Norris plant. About $100,000 will be the cost of the improvements. The D. A. Tompkins Co. of Charlotte, N. C., is the engineer in charge.

Messrs. E. R. Cash, F. G. Stacy, H. D. Wheat, J. G. Wardlaw, G. P. Hamrick, J. C. Jeffries and W. L. Settlemeyer of Gaffney, S. C.; O. G. Falls and C. S. Elam of Kings Mountain, N. C.; D. A. Tompkins of Charlotte, N. C., and R. B. Hopkins of Baltimore, Md., have incorporated the Marie Mills of Gaffney, S. C., for the purpose of Congress at the next session.

E. N. Clemence of Columbus, Ga., will organize, as reported last week, a company to build a cotton factory for te production of fine cloth. The capital stock will probably be $300,000, and an endeavor is now being made to interest New York and Boston capitalists. Mr. Clemence has been treasurer of the Eagle and Phoenix Mills for some years.

Anniston (Ala.) Manufacturing Co. has closed its mill and for about a month will be occupied in thoroughly overhauling its plant of 11,200 ring spindles and 320 looms. A story will be added to the main structure, new machinery will be installed and general improvements will be made.

Ernest G. Gaither of Statesville, N. C., is investigating the manufacture of fine grades of figured cloth with a view to establishing mill. He asks makers of the necessary machinery to send him prices on equipments and other information. Correspondence from an experienced designer having some capital is also desired.

The Rhode Island Company of Spray N. C., has elected B. Frank Mebane, president; J. S. Patterson, vice-president, and W. R. Walker, treasurer. This company's purpose to build a 10,000-spindle mill for making fine yarns was detailed some weeks ago.

C. J. Burton of Edgefield, S. C., has purchased the Tennille (Ga.) Cotton Mills, and will operate the plant, probably arranging for the production of laces and other fine goods. There are 4000 mule spindles in position at present.

The Interior Decorating Manufacturing Co. has been incorporated at New Orleans, La., for manufacturing textile fabrics used in interior decorating, etc. Jean H. Duffy is president, and Ferdinand Ziegler, secretary.

Griffin (Ga.) Knitting Mills will increase capital stock from $20,000 to $25,000 and issue preferred stock of the amount of $25,000 to provide capital for improved facilities. The preferred will bear interest at 6 per cent.

Worth Manufacturing Co. of Worthville, N. C., will erect additional buildings, install new machinery and change its product from white to colored goods. It now has 5852 spindles and 224 looms.

Messrs. Samuel and Thomas Watts of Raleigh, N. C., have established the Watts Silk Factory.

Weatherford (Texas) Cotton Mills will increase capital by $10,000 for the purpose of making improvements.

It is reported that the Williamston (S. C.) Cotton Mills will double its plant of 10,752 spindles and 300 looms.

G. M. Bowie and others of Weatherford, Texas, are negotiating with Eastern parties who contemplate building a knitting mill at Weatherford.

Commercial League, Camden, Ark., is offering inducements for the location of a cotton mill in that city. It is proposed to take $50,000 or $75,000 worth of stock in any company that may be organized.

Lumber Notes.

The Norfolk Lumber Co. will increase the capacity of its mill at Fayetteville, N. C., as lately reported, expending about $25,000 on new machinery, etc.

The Tennessee & Indiana Lumber Co. has been chartered at Nashville, Tenn., with a capital stock of $20,000. The incorporators are A. Altdoeffer, L. B. Altaffer, Ernest L. Lyon, Harry Lyon and J. H. C. Lyon.

WEEKLY CROP BULLETIN

Summary of Conditions Given Out by The Department.

The rapid growth of the staple crops in North Carolina during the past three weeks was unexpected, and has been almost phenomenal in character. Favorable weather for growth and for farm work continued to prevail during the past week. As anticipated the rainfall on Monday (13th) was nearly general and very beneficial; in some few counties the amount was large and the land was kept too wet to pdow for a few days. Light rains occurred also on the 16th, but droughty conditions now prevail in several counties, especially portions of Mecklenburg, Catawba, McDowell and several more eastern counties. Light rains are needed, as there has been a general deficiency in precipitation for the month so far. Rather high and unfavorable winds prevailed Saturday, the 18th. The temperature was lower than last week, and the nights were too cool for cotton, but crops are in such thrifty, growing condition that there were not adversely effected by the deficiency in temperature. There were very few complaints this week of unfavorable circumstances of any kind.

Corn has improved so much, and looks so green and thrifty that almost a full crop is now indicated; it is earing well; laying by is nearing completion, except in some western counties. Cotton is doing well, though of course still averaging two to three weeks late; some correspondents state that it is growing too fast to form fruit well, but generally blooms are becoming abundant everywhere except in the extreme north portion. The cultivation of early and advanced cotton is over, and the crop is being laid by in many counties. The tobacco crop will be good, though probably not as heavy nor of as good quality as last year's crop; cutting and curing tobacco are well underway as far north as Warren, and topping is proceeding as far west as Stokes. New tobacco is in market in the southeast section. Peanuts, rice, sorghum, late potatoes and other minor crops are doing well. As North Carolina produces a larger crop of sweet potatoes than any other State, it is pleasant to note that the condition of the crop at present is extremely promising. The yield of fruit will be inferior; peaches are rotting and there are more than the usually number of reports of falling apples; grapes will yield well; drying and canning fruit are in progress.

Tar Heel Brevities.

Nettie Jones, of West Hill street in Charlotte, swallowed a bottle of laudanum Tuesday morning in an attempt to end her life. But the chief of police and the doctors used a stomach pump and soon Nettie was soon out of danger. The real name of the would-be suicide is Pearl Smith. She said she was the daughter of a respectable citizen of Spartanburg, S. C., and left home four years ago to become a pitcher on a professional baseball team. She traveled with the team until a month ago when the nine disbanded at Norfolk, Va. On her way home, she declared, she met a traveling man who induced her to go to Charlotte and caused her ruin. Most of her life in Charlotte has been lived in the demi-monde district; and her arrest Monday night, on a charge of running a disorderly house, was the direct cause for her attempted suicide.

A big reunion of the survivors of the great bombardment of Fort Fisher upon the historic grounds of that great conflict at the mouth of the Cape Fear river is being planned for August 12th and veterans from all over the State are expected to participate in the exercises. At the reunion an effort will be made by the survivors of both the Union and Confederate forces to formulate the plans to have the government restore the fort and convert the grounds into a national reservation.

Lee Bryant, colored, was killed early Tuesday morning by a passing train while asleep on the track of the Southern a few miles from Asheville. His skull was fractured and he died about two hours after being struck. A negro with him was arrested and held as a witness at the inquest, but the coroner's jury found that the deceased came to his death by being struck by a train while asleep.

At the last meeting of the American Cotton Manufacturers' Association, held in Charlotte a few months ago, the organization which was formerly known as the Southern Cotton Spinners' Association changed its name to the above named and decided to apply for a charter in the State of North Carolina under the new name.

A most peculiar accident happened in Newbern Tuesday. A negro child about 4 years old was out playing in the yard of its home and while he was in the act of picking up a stick of wood, a chimney that was attached to a house in the next yard fell and struck the boy on his head, killing him instantly When the boy was removed from the debris it was found that his skull was crushed.

The prize list and official programme for the approaching firemen's tournament and annual meeting of the association, to be held at Durham the 11, 12 and 13th of August, are now being printed. In a few days the programme will be sent out to the firemen throughout the State. The list shows that $1,000 will be given in the contests among the State teams and the prize for each contest will be about as usual. There are three prizes for each contest, first, second and third.

NORTH STATE MATTERS

Newsy Items Gleaned From Murphy to Manteo.

Wildcat Insurance.

Insurance Commissioner Young says he is in receipt of information that the "Old Wayne Mutual Association" is again making extra efforts to do business in this State. Very much to his surprise he is receiving inquiries from life insurance agents in the State asking him of the standing of this association. These inquiries are no doubt brought about by a circular that is being issued by this concern in which they are offering extra "bonuses" in addition to large commissions for any business sent them. A letter received some time since from Insurance Commissioner Hart, of Indiana, says, "that this company generally pays from 10 per cent. to 15 per cent. on the face of its policies, when it pays at all. It is a disgrace to Indiana that such companies be permitted, under cover of law, to do a legal business, and I trust ere long that the courts will be in position to decide as to whether these methods can have their endorsements under the statute." The above should be sufficient to satisfy any citizen of the State or any agent as to the reliability or character of this fraud. The commissioner says he desires to call the attention of the agents in the State to the fact that under the law they cannot legally represent non-admitted companies or associations and that if they do, then they not only become responsible for the taxes and fees that such companies or associations would pay in the State if legally admitted, that in case of loss they become personally responsible to the assured for the full amount of policies issued through them.

For an Exhibit.

Secretary T. K. Bruner says very extensive preparations are now being made for North Carolina's participation in the St. Louis Exposition. A great show will be made in minerals and State Geologist Homes has two very capable men now in the field collecting specimens. The display of woods and timbers will be a great one, and State Forester W. W. Ashe is now in the field extending the collection. Mr. Bruner says it is the plan to have extremely large panoramas of mountains and forests in North Carolina. These are to be from 60 to 120 feet in length and to be used as a frieze in the buildings where North Carolina's exhibits are located. Mr. Geo. F. Greene is here in connection with the making of these panoramas. Photographs are first taken and then enormously enlarged and colored in the most perfect manner. At the top of the wall space of North Carolina's exhibits in the departments of forestry natural history and fisheries, which adjoin each other, it is expected to have one of these grand panoramic views 150 feet in length, representing the three departments above referred to.

Tar Heel Brevities.

Mr. E. M. Armfield, of High Point, and Mr. M. L. Jones of Montgomery county, who are the principal owners of the Iola gold mines in Montgomery county, arrived in the city Thursday morning, bringing with them 72 pounds of crude gold, worth $13,260, which they turned over to United States Assayer D. K. Pope, at the local mint. This amount represented the output of the mines for the past seven weeks. The Iola mine has been in operation for only two years, but is one of the best paying mines in the State. The output last year was one-half of the total production of gold in this State. The cost of operating the mine is about $1,600 per month, and the profit for that period of time is about $8,000.—Charlotte Observer.

A charter is granted the Suburban Land Company, of Wilmington, capital $50,000, Thomas F. Bagley and others stockholders; a charter to the Greensboro Female College Alumnae Association, of which Mrs. Lucy A. Cunningham and others are incorporators the object being to purchase and acquire that college; a charter to the United States Veneer Company, of Winston, capital $150,000, E. E. Gray and others stockholders.

Judge M. H. Justice will be a candidate for the Supreme Court bench. No anouncement has been made, but it may be stated on reliable information that Judge Justice's name will be presented to the Democratic State convention next summer, which is to nominate two men for Supreme Court judges.

At Crowder's Mountain Mill a serious accident occurred Tuesday about 12:30 p. m. The hanginer broke, thus causing the fall of 50 or more feet of the main line of shafting. In its fall two of the operatives were struck, Annie May Parish and A. A. Lockbridge. The former's wound was fatal and she died in less than an hour. Mr. Lockbridge was seriously hurt but will recover.

The bottom line of the work of the board of tax equalization for Cumberland shows the total of real and personal property for Cross Creek township (Fayetteville) to be $1,598,465 for 1903, against $1,399,720 in 1902; the county, outside of Fayetteville, $2,697,428 for 1903, against $2,024,543 in 1902; total for city and county, $4,295,713, against $3,424,263 in 1902; increase in valuation in town, $198,745; increase in county, $672,705; total increase $871,450.

"LAWLESSNESS WALKED THE STATE LIKE A PESTILENCE."

GOVERNOR AYCOCK STATED IN HIS INAUGURAL ADDRESS THAT UNDER, AND THEREFORE BY IMPLICATION IN CONSEQUENCE OF, FUSION RULE "LAWLESSNESS WALKED THE STATE LIKE A PESTILENCE, CRIME STALKED ABROAD AT NOONDAY, SLEEP LAY DOWN WITH ALARM AND THE SOUND OF THE PISTOL WAS MORE FREQUENT THAN THE SONG OF THE MOCKING FIRD." HOW STANDS THE CASE TO-DAY GOVERNOR? HAVEN'T THE ACTS OF THREE RED SHIRT LEGISLATURES AND MORE THAN TWO YEARS OF YOUR OWN BENEFICENT RULE PASSED INTO HISTORY SINCE YOU PROCLAIMED THE FOREGOING? WHEN YOU ARE CAVORTING OVER THE STATE WHOOPING FOR EDUCATION AND ROADS DON'T YOU HEAR OF MORE CRIMES BEING COMMITED IN NORTH CAROLINA THAN EVER BEFORE AND DO YOU CONTINUE TO ATTRIBUTE THESE TO FUSION RULE?

Sundays issue of the Raleigh News & Observer speaking of the provisions regulating suffrage in the State of Vermont says: The laws in that State to voting provide:

1. No person is a citizen of the State who is not a citizen of the United States, by birth or naturalization:

2. To be entitled to give his "vote or suffrage touching any matter that concerns the State of Vermont" he must take the freeman's oath;

3. "No person shall be admitted to take the freeman's oath, or vote at an election, until he has obtained the approbation of the town in "which he resides."

The last section is wider than any barn door. Under it the authorities could disfranchise just as many votes as they pleased, or as many as necessary to guarantee the old time Republican majority. Under it an opposition party would be at the absolute mercy of the "ins." That wide open measure is not to be mentioned in the same breath with the grandfather clause which must be strictly construed and is of limited duration." We do not know just how wide the editor of the News & Observer supposes "any barn door" to be but we have that kind of suffrage law in North Carolina and it reaches from Murphy to to Manteo and we suppose that is wider than "any barn door" the editor of the Observer has seen. Doesn't our election law state that every voter must be able to read and write etc. satisfactorily to the registrars. And under it don't the authorities disfranchise just as many votes as they please, or just as many as or necessary to give the democrats the desired majority. We are not trying to defend the suffrage law of Vermont, but if the Vermont law is a bad one the suffrage law in North Carolina is a bad law and should be repealed or amended and if the News & Observer wishes to do some missionary work let it cut loose from foreign missions and join the home mission band and help us to have a just election law in North Carolina before bothering with the suffrage laws of Vermont.

The "Nick williams" whiskey business at Williams N. C. was seized a few days ago, by Federal officers, for conducting his business unlawfully. It is reported that he was caught refilling barrels with untaxpaid whiskey and by this means he intended to defraud the government of the taxes. It would seem that a man that makes as good whiskey as the News & Observer says Nick Williams does, would not mind paying the tax on same.

It has gotton so in Kentucky that a man makes his will before going into court to testify against murderers and thieving election officials.

"Glenn Williams was probably hitched out in the bushes when Simmons was making his speech before the temperance convention last week."—State Republican.

Wasn't it about this time that he was trying to slip some whiskey that had not been tax-paid to keep from paying the government the taxes on same.

We clip the following from The Eastern Reflector, democratic semi-weekly published at Greenville: "'Why don't you fellows let Aycock alone; he is a good man,' was asked us recently. What we are kicking about is that he is too good a man to criminals." Well why shouldn't he be when lawless red-shirters and thieving registrars helped to put him in office.

The Editor of the Shelby Aurora while thinking of the State's indebtedness wrote the following: What Rusia will do about it is not troubling us half so much as to know where the money is to come from to meet those little bills for current expenses that are outstanding against North Carolina." The editor of the Aurora is right. The people of North Carolina are much more interested in how the States great indebtedness is to be paid than they are about foreign affairs—and still the democratic dailies of the State are talking about the suffrage law of Vermont, the post office investigation, the form of government in the Philippines and the island of Guam instead of telling people how they propose to pay off the States indebtedness, where they are having to issue bonds every two years to meet their extravagance. And if they wish to and must talk scandal why not drop the post office scandal, and tell their readers about the lice eating up the convicts at the camp at Castle Haynes, something about the inmates in the Fyetteville jail and about the State authorities marching convicts shackled together through the frozen mud from Spruce Pine to Marion on one of the coldest days of last winter, and then they might tell about the increase in crimes in the State and give causes for same. And tell about working the convicts at the penitentiary on Sunday.

"NICK WILLIAMS" DISTILERY SEIZED.

Charged With Defrauding the Government—a Big Lumber Contract.

Asheville, N. C., July 18.—Information concerning an immense lumber contract was learned here today through John E. Hurst, a veteran "logging" man. Creed Boyer and other East Tennessee parties have agreed to furnish Philadelphia within the next twelve months six million feet of lumber, taken from the Balsam Mountains and Scott Creek sections in Jackson County. Every variety will be felled except chesnut, oak, on account of value of oak bark for tanning. The timber will be cut on six thousand acres. Mr. Hurst came here to purchase axes and saws. The lumber will be shipped from Addie in Jackson county. Work will begin at once.

When the fact was disclosed in revenue circles last night that the "Old Nick" Williams rectifying plant in Yadkin county had been seized a few days ago, it caused surprise. Packages of whiskey were found in the establishment valued at about $16,000. It is charged by Republicans that because Glenn Williams is a member of the Democratic State Executive Committee an exception of his plant which is the largest in the State, was made. It was learned this afternoon that Williams would probably be charged with intimidating an officer in addition to the charge of refilling packages.

FEUD IN BREATHITT COUNTY.

Ewen Makes His Will Before Returning to Testify in Bribery and Arson Cases—ProminentCounty Men Are Likely to Be Involved—Twenty-seven People Killed and No One Punished.

Jackson, Ky., July 19.—A renewal of feud troubles is brewing here. The special grand jury called by Circuit Judge Redwine to investigate the charge of attempting to bribe B. L. Ewen not to testify against Curtiss Jett and Thomas White in the Marcum murder case, and the charge of arson for the burning of Ewen's Hotel, after he had testified, convenes here to-morrow. The instructions of Judge Redwine are anxiously awaited, as it is reported that the grand jurrors will be asked to go into a sweeping inquiry concerning conditions in Breathitt County, where twenty-seven lives have been lost since the Hargis-Cardwell feud started, and where no one has yet been punished for any of these capital offenses. In the event of a general inquisition, it is conceded that persons highly connected will be involved, and trials for the killing of Dr. Cox and Town Mashal Cockrill Jett and White for the murder of Marcum.

It is feared that trouble may begin when B. L. Ewen returns here to-morrow from Lexington to testify against well known citizen for offering him $5,000 cash if he would not testify against Jett and White. In anticipation of the worst, Ewen while in Lexington, made his will and arranged all his affairs. About $4,500 was raised for him by popular subscription after he lost everything he had in the incendiary fire, and this he has fixed for his family. His wife and some of his children are here awaiting his return.

Ewen has told Commonwealth Attorney Byrd and others the name of the men who offered him the bribe, and as it is said that the man has no means of his own the bribery investigation will extend to the one who was to furnish the money for the $5,000 bribe offered Ewen. This town has been kept quiet under martial law by the provost marshal since Jett and White were transfered to the jail at Lexington a month ago, but many apprehend trouble the coming week, although the troops are still here. The militia has been continuously here for two months.

After the killing of Town Marshal James Cockrill there was no one to make arrests for over a year, until the soldiers arrived in May. Then City Judge Cardwell, who had been a prisoner in his own house for eighteen months, resumed holding court. The town trustees have just appointed Joseph Newland as marshal. Newland is considered one of the bravest men in the mountain districts. During the past seven years seven have held this position. Four of them were killed while on duty, and two of the other three were forced to resign.

It is expected that special grand jury will complete its work this week so that the attorneys, witnesses, and others can go to Cynthiana, where the next trial of Jett and White for murdering Marcum will begin on Monday, July 27.

A Switchman Killed.

Wilmington, N. C., July 18.—A young negro switchman named Lonnie Goins, in attempting to board shifting engine No. 120, near Fifth Street Bridge, slipped and fell under the train. Both legs were cut off and he died some hours later from his injuries.

South Africa Tobacco.

South Africa is the field which is believed in England to offer an opportunity of being independent of the American tobacco leaf market. Near Pretoria a series of plantations have been opened, which are managed by Norfolk farmers sent out from England and directed by a professional expert; while in Rhodesia a series of plantations have been started by the able lieutenants of the late Cecil Rhodes. Experts of Virginia and North Carolina have gone out to South Africa under contracts with English capitalists to take charge of tobacco farms, factories and experimental stations.—Ex.

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick of Colusa, Calif, writes: "For 15 years I endured insufferapain from Rheumatism, and nothing relieved me, though I tried everything known. I came across Electric Bitters, and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed. Sold by all druggists.

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Charles Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully, and spit blood, but, when all other medicines failed, three $1.00 bottles of Dr. King's New Discovery wholy cured me, and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c. and $1.00. Trial bottles free at all drug stores.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre, of Sheperdtown, W. Virginia, says: "I had a severe case of Bronchitus and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It is infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption, Try it. It's guaranteed by all druggists. Trial bottle Free. Regular size 50c. $1.

No Pity Shown.

For years fate was after me continuously," writes F. A. Gulledge, Verbena, Ala. "I had a terrible case of Piles, causing 24 tumors. When all failed, Bucklen's Arnica Salve cured me. Equally good for Burns and all aches and pains. Only 25c., at drug stores.

Abraham Lincoln's opinion of these Historical Celebrities: "I want to thank you and your brother for Abbott's Series of Histories. I have not education enough to appreciate the profound works of voluminous historians; and if I had I have no time to read them. But your Series of Histories gives me, in brief compass, just that knowledge of past men and events which I need. I have read them with the greatest interest. To them I am indebted for about all the historical knowledge I have."

PERSOAL TO SUBSCRIBERS

WE WILL SEND to every subscriber or reader of THE CAUCASIAN a full sized ONE DOLLAR package of VITÆ-ORE, by mail, POSTPAID, sufficient for one month's treatment, to be paid for within one month's time after receipt, if the receiver can truthfully say that its use has done him or her more good than all the drugs and dopes of quacks or good doctors or patent medicines he or she has ever used. READ this over again carefully, and understand that we ask our pay only when it has done you good, and not before. We take all the risk; you have nothing to lose. If it does not benefit you, you pay us nothing. Vitæ-Ore is a natural, hard, adamantine rock-like substance mineral—Ore—mined from the ground like gold and silver, and requires about twenty years for oxidization. It contains free iron, free sulphur and magnesium, and one package will equal in medical strength and curative value 800 gallons of the most powerful, efficacious mineral water, drunk fresh at the springs. It is a geological discovery, to which there is nothing added or taken from. It is the marvel of the century for curing such diseases as Rheumatism, Bright's Disease, Blood Poisoning, Heart Trouble, Diphtheria, Catarrh and Throat Affections, Liver, Kidney and Bladder Aliments, Stomach and Female Disorders, La Grippe, Malarial Fever, Nervous Prostration and General Debility, as thousands testify, and as no one, answering this, writing for a package, will deny after using. Give age, ills and sex.

This offer will challenge the attention and consideration, and afterwards the gratitude of every living person who desires better health, or who suffers pains, ills and diseases which have defied the medical world and grown worse with age. We care not for your skept cism, but ask your investigation, and at our expense, regardless of what ills you have, by sending to us for a package. You must not write on a postal card.

Fight at a Funeral.

Fayetteville. N, C., Suly 20.—Special. Yesterday afternoon at a negro church near Manchester, in the western part of Cumberland county, where funeral services were held, Robert and Lawrence Williams negroes, appeared, one with a breech load r and the other with a musket, and had a quarrel. When the women got the guns away Lem Elliott engaged in the quarrel and was stabbed by Robert Williams in the back and was badly wounded, whereupon Elliot drew a revolver and shot Williams in the leg. A stray bullet also wounded a negro named Farmer who was brought to the hospital for treatment.

Due One Million Immigrants in a year.

Washington, July 20.—One million immigrants to the shores of the United States in 1904. These rre the figures, absolxtely without exaggeration—alarming as they may be—that are forecasted by the statistics for the fiscal year 1903, just made public by Frank P. Sargent, commissioner general of immigration.

FARMERS MEET IN RALEIGH.

Several Hundred Meet in Convention in this City.

Several hundred farmers from all over the State are here in convenvention to discuss the cheapest and best modes of farming. Gen. Mat Ransom and several others addressed the convention.

Schooner Blown Ashore.

Norfolk, Va., July 13—In a strong blow this forenoon the four-masted schooner Mary A. Randall, Captain Gaul, coal laden from Baltimore to New England, ran ashore on the north end of middle ground bar between Cape Henry and Cape Charles.

The tug Sea King left Norfolk this afternoon to try to pull the schooner off. She is not damaged.

He Explains.

Lakeside has two single daughters and an unmarried one."

"Why the distinction?"

"The unmarried one is divorced."—August Smart Set.

Cuban Congress Adjourns.

Havana, July 18.—Congress this evening adjourned sine die after an almost continuous session since the inauguration of the Cuban republic, May 20, 1902.

Thirteen Berry Pickers There.

From Lexington, Va., comes the following love story midst the berry pickers: "In the Natural Bridge district of Rockbridge county, near the head waters of Buffalo Creek, resides a farmer of large means, upon whose farm for several days past many women have been engaged in gathering blackberries. It is said he made the announcement Monday that this morning he would marry the first woman who should be found engaged in gathering berries. Thirteen were found at work ten of whom had never picked berries before. All claimed to be first in the field, and just who will be the lucky aspirant for matrimonial honors is not known, and the outcome is awaited with much interest."

Negroes Lynch a Negro.

Lake Butler, Fla., July 18.—A negro tramp named Adams, who assaulted a negro woman near this place a day or so ago, was captured last night by a mob of negroes and lynched in Santa Fe swamp. His body was cut into shreds by the mob and severely disfigured. The lynching was carried out by negroes entirelv.

Somewhat Sarcastic.

He—Here's this invitation to the masquerade ball to-morrow night. I wonder what disguise I had better assume?

She—Why not look pleasant?—Omaha World.

Fifty Negroes Employed by Bell Telephone Driven Erom Their Work.

Asheville, N. C. July 18.—Fifty negroes in the employ of the Southern Bell Telephone Company. engaged in building the long distance line through the Dogget section of Madison county, west of this place, were driven out of that section yesterday by the mountaineers.

A delegation of heavily armed citizens visited the camp of negroes and commanded that they leave the country. The negroes did not wait a second command but began a retreat down the mountain at once when a volley of fifty or more shorts were fired to impress the unwritten law of the mountaineers.

A Reason for it.

Visitor at School—What a rapt look that dear little fellor wears!

Dear Little Fellow (overhearing)—Teacher just hit me over the knuckles with a ruler, ma'am.—Princeton Tiger.

Darnwinian.

First Monkey— It seems to be a toss-up whether man is decended from us.

Second Monkey—Yes, it's heads they win; tails, we win.—August Smart Set.

She Owed Her One.

Miss Passie—I should like to see a young man try to kiss me.

Miss Young—You cruel thing!

An Investment.

He—Why did that old Miss Billyuns marry?

She—Oh, she needed to husband her wealth.—Columbia Jester.

Justice Lumpkin is Dead.

Atlanta, Ga., July 18—Justice Samuel Lumpkin, of the Supreme Court of Georgia, died in Washington, Ga., last night.

Eighty-Eight Rioters Indicted.

Evansville, Ind., July 18.—Eighty-eight persons charged with taking part in the recent riot here, have been indicted by the grand jury. It is said that more than half of those indicted are negroes. The names have not been made public.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., **be sure and mention this paper.**

MISS MAY MARKELL,

A Society Belle of London, Canada.

Miss May Markell.

MISS MAY MARKELL of London, Ontario, Canada, is a beautiful girl who knows what suffering is and Wine of Cardui has brought her back to health. She is one of the social favorites of her home and her recovery to health has permitted her to enjoy the company of her many friends instead of lying on a bed of sickness and suffering. For the health she now enjoys she gives credit to Wine of Cardui. She writes:

"I have found Wine of Cardui an excellent remedy for female trouble. I suffered for three years with terrible bearing-down pains at the menstrual period. I could hardly stand on my feet and was never real well. Wine of Cardui was the only medicine that I could depend on to do me any good, as I tried several with no success. Wine of Cardui cured me and I have now enjoyed perfect health for two years, and give you all the credit for I know you deserve it."

For a young girl Wine of Cardui is the best remedy to guide her through womanhood by starting the menstrual flow in a healthy and natural manner. Menstruation started right is very easy to keep regular through the years of mature womanhood. Then the "change of life" need not be feared. Thus Wine of Cardui is woman's best relief from youth to old age. A million women have secured blessed relief from their sufferings by taking this treatment. It relieves menstrual troubles in an incredibly short time. In a simple case of deranged menses Wine of Cardui never fails. To relieve disordered menses is to remove the cause of other female troubles. Any physician will tell you that to remove the cause of a disease renders the cure easy, in fact seldom fails to complete the cure. If you would have the same relief which Miss Markell secured try Wine of Cardui. You can take it without an examination and without any publicity whatever. You can take it in the privacy of your home and secure just as much benefit as if a doctor had prescribed it for you. Thousands of women are feeling the vigor of returning health by taking Wine of Cardui.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

A Ripans Tabule taken occasionally will keep the body clean within, resulting in a healthy and pleasing appearance without.

It is a good sensible plan to keep the body up to the high water mark of good health all the time.

The person who uses Ripans Tabules feels good all the time, they regulate the bowels and keep the stomach in good condition, and when the stomach digests the food properly, the chances of getting sick are lessened.

The little five cent cartons hold ten doses and they are convenient to carry.

"Be careful," but we must all go from heated houses into chill outer air, and the change sets us coughing and wheezing. Avoiding winter colds is difficult; curing them is not hard if you take Allen's Lung Balsam. Better begin when the cold is young and not wait until it settles deep into the lungs, for then, even with Allen's Lung Balsam, complete relief will be slower.

Long Hair

"About a year ago my hair was coming out very fast, so I bought a bottle of Ayer's Hair Vigor. It stopped the falling and made my hair grow very rapidly, until now it is 45 inches in length."—Mrs. A. Boydston, Atchison, Kans.

There's another hunger than that of the stomach. Hair hunger, for instance. Hungry hair needs food, needs hair vigor—*Ayer's.* This is why we say that Ayer's Hair Vigor always restores color, and makes the hair grow long and heavy. $1.00 a bottle. All druggists.

If your druggist cannot supply you, send us one dollar and we will express you a bottle. Be sure and give the name of your nearest express office. Address, J. C. AYER CO., Lowell, Mass.

An indication of the rapidity with which the country west of the Mississippi is being reclaimed and settled is to be seen in the project of the cattlemen of Dakota and Montana to transfer their business and their herds bodily to South America. The great ranges of the Northwest are being cut up into small farms and the area of public grass land is diminishing rapidly. The cattlemen are looking for ranges in Chili, Brazil and the Argentine, and if they can not find large unbroken areas of grass land in those countries or are unable to make satisfactory terms they intend to try Africa.

Unsanitary Houses in Glasgow.

Thirty-four houses in various parts of Glasgow, Scotland, have in a single day been closed as unfit for human habitation. There were 118 persons living in them.

Mrs. F. Wright, of Oelwein, Iowa, is another one of the million women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

A Young New York Lady Tells of a Wonderful Cure:—

"My trouble was with the ovaries; I am tall, and the doctor said I grew too fast for my strength. I suffered dreadfully from inflammation and doctored continually, but got no help. I suffered from terrible dragging sensations with the most awful pains low down in the side and pains in the back, and the most agonizing headaches. No one knows what I endured. Often I was sick to the stomach, and every little while I would be too sick to go to work, for three or four days; I work in a large store, and I suppose standing on my feet all day made me worse.

"At the suggestion of a friend of my mother's I began to take Lydia E. Pinkham's Vegetable Compound, and it is simply wonderful. I felt better after the first two or three doses; it seemed as though a weight was taken off my shoulders; I continued its use until now I can truthfully say I am entirely cured. Young girls who are always paying doctor's bills without getting any help as I did, ought to take your medicine. It costs so much less, and it is sure to cure them.—Yours truly, ADELAIDE PRAHL, 174 St. Ann's Ave., New York City."—*$5000 forfeit if original of above letter proving genuineness cannot be produced.*

THACHER MEDICINE COMPANY, Chattanooga, Tenn.

Judge Cox, of the United States Circuit Court, while delivering a lecture at Columbia University told of a young lawyer who came before the Supreme Court to argue a case in which he was also defendant. Addressing the court, he referred to the old French adage declaring that he who argues his own case has a fool for a client. After the case had been heard he left for his home in St. Louis, asking a friend to notify him by wire when the decision was handed down. This was the pithy dispatch he received: "Old French adage affirmed."

INSURES FRESHNESS OF EGGS.

Novel Method Adopted by the Dairymen of Kehl, Germany.

United States Consul Brittain at Kehl, Germany, says the Washington Star, has advised the secretary of state of a unique method of insuring the freshness of eggs adopted by the Dairymen's association of the city of Kehl. "The agents of that association," he says, "go among the farmers each day and purchase eggs, the farmer guaranteeing that these have been laid within the previous twenty-four hours. In consequence of this guarantee the association pays the farmer three pfennigs, or about half a cent, above the regular market price for each eggs. The Dairymen's association then makes a record of each purchase by giving the farmer a registered number and numbering each egg in corresponding manner.

"When a consumer chances to find a stale egg he returns it to the dealer, who in turn charges it to the association, which reports the matter to the farmer. The method is a protection to all parties concerned and is said to meet with much success. The eggs are delivered in cases containing five dozen each."

WINE IN POWDER FORM.

French Method for Obtaining a Beverage in Concentrated Form.

The liquid part of wine contains light ethers, ethylic alcohol, heavy alcohol and oils, and substances such as furfurol and aldehyde. All these products are poisonous. The solids of wine are coloring matter, fixed organic acids, and mineral salts, all of which are harmless, with the exception of the lime and potash, the lime being very bad for the gouty.

Now, a wine which is deprived of the heavy alcohol, oils, lime and potash should contain no injurious elements. According to L'Illustration, it seems that Dr. Garrigou of Toulouse has been able to obtain this result by concentrating wine in a vacuum, this process taking away the cooked taste which ordinary heat produces. In this way wine may be reduced to a dry powder, and if then the powder be placed in water or ethylic alcohol, all the properties of the wine are recovered, with the exception of the poisonous elements. By this process there is obtained a perfectly harmless wine, which may be kept indefinitely, and which is handled readily.—Philadelphia Record.

"Real" Antiques.

While most of the curiosity shops in New York are stocked with skillfully faked "antiques" there are a few reputable dealers who have things to show that are really worth while. Among the most interesting antiques exhibited in shops that cater to the tastes of millionaire collectors are a set of "spotted luster" china in old rose speckled with white, the only complete set in existence; a two-handled depas, the cup used in Homeric libations; a black and gold sleigh of solid oak, said to have been the property of the royal family in Holland 300 years ago; a cardinal's chest, marvelously carved, and bearing the insignia of the owner's rank and office; a cupboard of scubbed oak which once delighted the heart of some Dutch housewife, an old soft hat belonging to Washington's grandfather; rich vestments, embroideries and Oriental gods plundered from churches and ancient temples, and a beautiful marble fountain from the garden of a Venetian doge.—Pittsburg Dispatch.

"In almost all other departments of the work-a-day world," said Professor Robert Erskine Ely in a recent lecture, "some phase of democratic feeling has filtered through except that of domestic service. This is still in the pall of feudal darkness. And it is the women who keep it so, and the women who must eventually emancipate it. Laws and laments, increased wages or gifts will not work enfranchisement. The rights of the woman domestic must be recognized by the woman employer as sacred and inalienable before the so-called 'servant problem' can be solved. As matters stand now there is no system, no scale of hours or wages, no standard of any sort between mistress and maid, and the treatment of each by the other is left to the caprice of the temperament and, too often, temper, and there is no redress but dismissal or 'leaving.' This is a state of affairs that ought not to exist among American women, cultured wives and mothers—the homekeepers of our great democratic nation."

NERVE WORN KIDNEYS.

Doan's Kidney Pills make freedom from kidney trouble possible. They carry a kind of medication to the kidneys that brings a bright ray of hope to desperate cases.

Aching backs are eased. Hip, back, and loin pains overcome. Swelling of the limbs and dropsy signs vanish.

LOCK HAVEN, PA.—Mrs. L. W. Ammumen writes: "A few weeks ago I sent for a trial box of Doan's Kidney Pills for myself, and they did all they are said to do. My husband was kicked last fall by a horse and badly hurt—his hip was fractured—and after he recovered he was in such misery that he could hardly walk, and to stoop caused him such distress that he thought he would have to quit work—also, it affected his bladder, and he was unable to make his water without so much distress. I insisted on his getting a box of your pills and trying them, so I went to Mason's Drug Store and got a box. The first box helped him so much that I got the second and also the third, and now he is entirely well."—Mrs. L. W. AMMUMEN, Lock Haven, Pa.

In an extended newspaper article Professor Trowbridge of Harvard disputes the evidence of alleged telepathy and is uncomplimentary to the Society of Physical Research. He says in part: There is no evidence of telepathic communication which would be accepted in a court of law in regard to property or in a scientific laboratory. Wireless telegraphy has a past and is the result of patient study of almost countless facts, gathered by thousands of workers in laboratories. These facts and phenomena can be studied and the phenomena can be repeated by any skilled person. Telepathy has no history and if it should be ascertained tomorrow that it is possible it will be the first instance in the history of science of the discovery of a new manifestation of energy or of a new law of nature which had not been preceded by the patient study of repeatable phenomena. It is, therefore, safe to prophesy that telepathy will not be a fact until it has a history of repeatable phenomena.

Buncoing the Innocent Babe.

Little Margery ran into the house, her eyes sparkling and her cheeks flushed.

"Mama," she cried, "mama, can anybody be arrested for cheating a baby?"

"Why," answered he mother, "why do you want to know?"

"Well," said the little girl, "I saw the lady next door fixing the baby's bottle for him, and she put a lot of water in it!"

IS YOUR HEALTH VALUABLE?

Disease is always a handicap; it unfits men for business and pleasure—sometimes temporarily often permanently. Life is a continuous struggle, and the man or woman afflicted with a Chronic Disease is outclassed at every turn. In this age of sharp competition, no man can hope to be successful unless sound in mind and body.

DR. HATHAWAY.

During my long career as a specialist, I have seen thousands who are carrying around some obstinate chronic disease as a burdensome companion, which they could easily rid themselves of by the proper treatment. Any honest physician will tell you that these diseases are stubborn and obdurate, and a special knowledge is required to treat them successfully. My special fitness for treating Chronic Diseases has been acquired by twenty years of close application, devoted exclusively to their study and treatment. I have treated more cases than any other physician in the United States and I thoroughly understand just what is required in each case My specialty includes all chronic diseases, such as Stricture, Varicocele, Blood and Skin Disease, Bladder and Kidney Complaints Diseases of Women, etc., and my original method of treatment has proven successful in even the most obstinate cases.

I CAN CURE YOU AT HOME.

I have perfected a system of home treatment which enables me to cure you at your own home, as I have thousands of others. Write me fully about your case, and send for complete symptom blanks. Correspondence confidential. Address J. NEWTON HATHAWAY, M.D.

HAD AN EXCELLENT REASON.

Youngster Tells Why He Thinks Versifier Was Wrong.

Robert is a bright little chap of five years. "We are the best of friends," said a neighbor, "and he often runs in to see me. He likes to have me read to him and is particularly fond of Gelett Burgess's rhymes.

"The other day I happened to run across this little verse and took it to his home to read to him:

'I'd rather have fingers than toes;
I'd rather have ears than a nose,
And as to my hair
I'm glad it's all there.
I'll be awfully sad when it goes.'

"I read no further than the second line—'I'd rather have ears than a nose'—when Robert burst out with: 'I wouldn't. I wouldn't rather have ears than a nose.'

"Wondering what possible reason this small critic could have for disagreeing so emphatically with his friend Mr. Burgess, I ventured to ask:

"'Why is it, Robert, that you wouldn't rather have ears than a nose?'

"'Cause they're harder to wash.'"

Patience is a virtue, but hustle is a better one.

FEARED CITY WAS DESTROYED.

Natural Alarm of New Yorkers Residing in Mexico.

From Mexico City there comes in a private letter this story of how the rumor became current there in April of the destruction of New York:

"On the afternoon of the 3d inst. there was a rumor here of a terrible earthquake and cyclone in New York. Everybody talked about it, and each one had a worse tale to tell; half New York was destroyed, with 1,000,000 people. Think of my anxiety! I was afraid to telegraph. At last I made up my mind to do so, but when I reached the cable office they showed me a telegram just received in reply to an inquiry, which read: 'Not a word of truth in it.' I was greatly relieved. It seems that two Spaniards who live here and who had been on a visit to Europe returned to New York that day. They are known among their friends here as 'Earthquake' and 'Cyclone,' and are besides great eaters. One of their friends in New York telegraphed to a friend here:

"'Earthquake and Cyclone arrived; have swallowed up half New York.'

"This was the cause of the whole thing."

The buzzards that have long infested Vera Cruz and served a useful purpose as winged scavengers are doomed. A London firm is putting in a modern sewer and water system. The birds have become so numerous that they are a pest. The protection of the municipality has been removed, and when the new drainage system shall be completed the city will be rid of the pest, the numbers of which have already been reduced somewhat by catching the buzzards and placing them in wooden cages to be taken to sea and drowned.

RIPANS TABULES

Ripans Tabules are the best dyspepsia medicine ever made. A hundred millions of them have been sold in the United States in a single year. Every illness arising from a disordered stomach is relieved or cured by their use. So common is it that diseases originate from the stomach it may be safely asserted there is no condition of ill health that will not be benefited or cured by the occasional use of Ripans Tabules. Physicians know them and speak highly of them. All druggists sell them. The five-cent package is enough for an ordinary occasion, and the Family Bottle, sixty cents, contains a household supply for a year. One generally gives relief within twenty minutes.

HAIR GROWTH

Promoted by Shampoos of Cuticura Soap

And Dressings of Cuticura the Great Skin Cure

Purest, Sweetest, Most Effective Remedies for Skin, Scalp and Hair.

This treatment at once stops falling hair, removes crusts, scales and dandruff, destroys hair parasites, soothes irritated, itching surfaces, stimulates the hair follicles, loosens the scalp skin, supplies the roots with energy and nourishment, and makes the hair grow upon a sweet, wholesome, healthy scalp when all else fails.

Millions of women now rely on Cuticura Soap assisted by Cuticura Ointment, the great skin cure, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for baby rashes, itchings and chafings, for annoying irritations, or too free or offensive perspiration, for ulcerative weaknesses, and many sanative, antiseptic purposes which readily suggest themselves, as well as for all the purposes of the toilet and nursery.

Cuticura remedies are the standard skin cures and humour remedies of the world. Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura Ointment freely, to allay itching, irritation and inflammation, and soothe and heal, and, lastly, in the severer forms, take Cuticura Resolvent, to cool and cleanse the blood. A single set is often sufficient to cure the most torturing, disfiguring skin, scalp and blood humours, from pimples to scrofula, from infancy to age, when all else fails.

Sold throughout the world. Cuticura Resolvent, 50c (in form of Chocolate Coated Pills, 25c. per vial of 60). Ointment, 50c.; Soap, 25c. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Boston, 137 Columbus Ave. Potter Drug & Chem. Corp., Sole Props.
